Dear Sir,

We are happy to know that Mcreative Events & Promotions is organizing an annual international exhibition titled “**Power Asia**” at Pragati Maidan, New Delhi from December 14-16, 2007.

The growth and development of the power sector is a key component in the infrastructure required for developing the economy of country. The Central as well as South Asian Regions are rich in primary resources required for electricity generation and their proper utilization with latest technological and management skills can help the region attain its full generation potential and facilitate the growth of economics and other quality of life of people of constituent states.

We hope the exhibition will provide an opportunity for c ion between Indian and International participants to help strengthening contacts and lay the ground work for future partnerships.

We extend our full support and looking forward for our participation to make Indian and Global visitors aware of the developments towards power generation, power distribution and above all power saving strategies for a better tomorrow.

We hope that Power Asia will a grand success and helpful to empower the industry.

Yours faithfully,

(Satish Sabharwal)
Executive Officer (EE&REM)
