

PRESS RELEASE

The Government of NCT of Delhi is committed to protect the environment and reduce the pollution level in Delhi to make it a better city to live in. Delhi Transco Limited as an undertaking of the government also operates in a clean green pollution free environment. It has been the endeavor of the company to help the government in providing more green coverage to the capital city of the Nation. The trees not only beautify the surroundings but also help in bringing down the pollution level as well as the temperature. The reduction in temperature also leads to reduction in power demand. Delhi Transco Limited not only operates its obligations in pollution free manner but also educate the general public for protection of environment. The Energy Efficiency and Renewable Energy Management Centre established by DTL is spreading awareness among the masses to use eco-friendly electrical appliances.

Hon'ble Chief Minister launched a campaign of "Grow More Trees" in DTL endeavouring the slogan of "Clean Delhi-Green Delhi" and a good cause for remedy of global warming, a policy of Govt. of NCT of Delhi on 17.07.2007 by planting a sapling in 400 KV Sub Station Complex Maharani Bagh where Corporate Office Building is proposed to be built.

To fulfill this promise, in the second phase of this drive Sh. Rajendra Kumar, IAS, Chairman-Cum-Managing Director of DTL inaugurated the plantation drive on 6th August 2008. Sh. Raj Kamal Saxena, IAS Director (HR), Sh. S.R. Sethi Director (Operations) and Dr. Pawan Singh IRAS, Director (Finance), all GMs and DGMS planted one sapling each in this drive. Around 150 saplings were planted at the site during this drive and DTL plans to continue this drive in all its office buildings and 220 KV/400 KV Sub Stations.
